Blight Program. The code that references the statute in which they are to follow for the process of taking possession of the property was brought up to be changed. There are 4 properties that will be sold in the coming up tax sale they are wanting to purchase and an invoice will be issued so they may get reimbursed for the purchase 90%. Another 5 properties are to be given offers to the owners. A person is being needed to be in charge of the hearing authority which is typically either out of the Health Department or the Engineer. Jerry Netherlain stated they could take on that role.
