

Written Determination on the Procedure to Lease Property

The Board of Commissioners of Vigo County ("Commissioners") are the owners of real estate commonly known as the International Paper Property. These parcels comprise 64 +/- acres with several deteriorated buildings ("property") in need of capital investment. The Parcel Report for the property in question is attached hereto and marked as Exhibit "A".

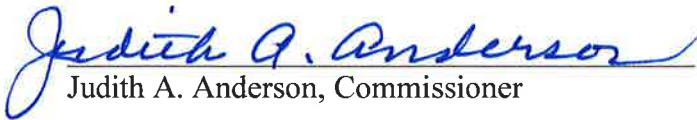

The Commissioners want to explore the possibility of this capital investment coming from the private sector and the procedure outlined in Indiana Code 36-1-11-10 is not feasible given the condition of the buildings and maintenance associated with the property. The Commissioners are committed to developing requests for proposals which will conform to the requirements of Indiana Code 36-1-11-12 and hope to work with the private sector on developing a community minded use for this historically significant property.

We, as the Board of Commissioners of Vigo County, authorize the use of the procedure outlined by Indiana Code 36-1-11-12 and look forward to exploring this exciting possibility.
