Subject: FW: Ordinance Violation Bureau Ordinance

Hi Larry:

We have been working with the commissioner's office to establish an ordinance bureau. This allows our officers to cite someone to the sheriff's office instead of a court. The county currently has one for the commissioner's office for ordinances cited by the county building inspector. In our case, the county has two ordinances, one for alarm violations, and one for animal control that requires the fines be paid to the sheriff's office non-reverting funds.

The ordinances have been in place for some time but we needed to establish the legal process of the bureau to satisfy our state ticketing system, (see email below).

The commissioner's attorney wrote the ordinance attached but has indicated the council has to pass this one instead of the commissioners. Therefore could you place this on the appropriate council agenda, I think that is August?

Let me know if you have any questions, I will certainly be happy to attend the appropriate meetings or answer any questions ahead of time, this is, as I understand it simply a formality to support the ordinances that have been in place but never the formal ordinance for the payment of fines, to satisfy our State Court Services.

Thanks,
Jeff

Subject: Re: Building Security Salary Ordinance

To: Samantha DeWester <samantha@dewesterlaw.com>, Hutchings, Larry <larry.hutchings@vigocounty.in.gov>

After reviewing the Merit Officer Salary Ordinance, I believe it is the Correctional/Detention/Building Security Salary Ordinance that needs to be changed to include the part time building security officers clothing stipend.

Attached is the proposed change that myself and Autumn believe would cover the issue. During the budget hearing session last year, there were only 3 part time security officers that Vicki and Brad agreed to add to the salary ordinance. Unfortunately, that was left off the salary ordinance and Form 144 and therefore was never appropriated for the 2026 Budget.

Section 5 reads "those employed as Building Security will receive \$1,500.00 per year clothing allowance."

Would you like me to clarify and state all full time and part time Building Security or leave as is?

RE: Lost Creek Fire Protection District
Request for Additional Appropriation

It is respectfully requested that the following request be discussed at the August 2026 Council meetings.

An additional appropriation of \$50,000.00 to the Special Cumulative Fire Fund

The amount appropriated in the 2026 budget for the Special Cumulative Fire Fund was utilized for necessary repairs to the E83 Pump Truck and for the purchase of a fire PPE washer and dryer. As a result, an additional appropriation of \$50,000 is requested to cover the annual lease payment of \$49,506 and provide a small contingency for related expenditures.

This request is being made only after confirming that the fund maintains a sufficient cash balance to support the additional appropriation.

Respectfully submitted,

Abbigale M. Parker

Request for Restoration of Community Corrections Funding

To the Members of the Vigo County Council:

I respectfully request that the Vigo County Council restore the \$200,000 that inadvertently removed from the supplemental C.C. fund 30042 during the 2025 budget hearing sessions and return those funds to the appropriate line item within Vigo County Community Corrections budget. The request is that these funds be provided from the County General Fund.

The removal of these funds has created a significant financial impact on Community Corrections operations and programming. These services are essential to maintaining public safety, supporting offender accountability, reducing recidivism, and providing cost-effective alternatives to incarceration for Vigo County residents.

It is my understanding that the reduction occurred unintentionally during the budget review process. Because these funds were previously allocated for the continued operation and support of Community Corrections programs, I am asking the Council to take the necessary action to restore the \$200,000 to its original budget line item within the Community Corrections Supplement to CC fund 30042.

Restoration of these funds will help ensure continuity of services, maintain staffing and programming stability, and uphold the county's commitment to effective correctional supervision and rehabilitation efforts.

Thank you for your consideration of this request and for your continued service to the residents of Vigo County.

Respectfully submitted,

Members of the Vigo County Council,

This letter comes to you to offer our support to the Vigo County Community Corrections residential program. While we can assure you that we understand the nature of balancing budgets, we would like you to consider the impact the decision to remove \$200,000 in funding might have on the lives of the participants currently housed in the Community Corrections Residential Program.

During term 5 of the 2025-2026 school year, the Excel Center of West Central Indiana provided education services to as many as seven students who participate in the Vigo County Community Corrections program in one form or another, with another three past and current VCCC program participants who have graduated with an Indiana CORE40 high school diploma. This means that there are ten men and women who have marked significant success in their lives that would not have happened without the cooperation and stability of the Vigo County Community Corrections program. While this may not seem like much, to these students it has taught them they can accomplish anything with the right support, and they will find this support from the most unlikely of places: Vigo County Community Corrections.

Thank you for your attention to this very difficult matter. We know any future decisions regarding this funding are decisions that will be made with careful thought and the utmost integrity.

Thank you,

Dear Vigo County Council Members,

This letter comes to you on behalf of the Recovery Community, here in Vigo County. As a person who works in, around, and for people in all stages of recovery, I can confidently say that I speak for the recovery community as a whole when I say that we need programs like the Vigo County Community Corrections Residential program, and we kindly ask that you reconsider the Council's decision to remove \$200,000 from their annual budget.

The recovery community knows the pains of balancing budgets and juggling funding streams firsthand. Many people in the recovery community (me included) have worked for social service organizations that recently faced budget shortfalls and the uncertainty of future funding streams. As such, Vigo County simply cannot afford to lose another program with dedicated employees and compassionate leadership like Mr. Watson. We understand that cuts must be made, we simply ask that you reconsider this specific cut that may directly affect the lives of so many of our brothers and sisters working so hard to become successful and productive residents of Vigo County.

Thank you for your time and dedication to the recovery community in Vigo County, and we all trust that your decision on this matter is not one you've taken lightly.

Sincerely,

Michael Rentfro

Request for Appropriation

REQUEST FOR ADDITIONAL APPROPRIATION

It is respectfully requested that the following request be discussed at the next set of Council Meetings.

- An additional appropriation of \$10,000.00 to the Return of Fugitives 1000.32360.000.0009 line item in the Prosecuting Attorney budget.

The remaining amount in the 2026 budget for Return of Fugitives is down to less than \$1,000. This is an area where we cannot adequately anticipate how much is needed because we are unable to know when and where a fugitive is located. Therefore, we cannot anticipate the cost associated with each transport nor the number of returns that will be needed each year.

When we have exhausted the initial appropriation in the past and needed to request additional appropriations, I have always made this promise – any additional appropriation for Return of Fugitives will only be used for that purpose and will not be transferred to any other line item.

The Auditor's office would like to be placed on the next Council call agenda for an additional appropriation in LIT Correction Rehab contractual services in the amount of \$108,300.

During budgeting for the 2026 year apparently communications were crossed with regards of how much the Juvenile Center would need to pay their monthly medical contract with Comprehensive Correctional Care. It appears that the above line item will be short approximately \$108,300 at the end of 2026.

There was only \$148,100 originally appropriated for 2026 when expenses would be:

Juvenile Medical	\$ 228,600
DISH bill for jail	\$ 12,000

I did not catch this when we brought the DISH bill for the jail to Council for an AA in June 2026.

President Steve Ellis
The Honorable Members of the Vigo County Council

Dear President Ellis and Council Members:

I respectfully request to be placed on the agenda for the August 2026 meeting of the Vigo County Council to discuss an additional appropriation from the Group Homes Non-Reverting Fund (#4952). Specifically, I am requesting an appropriation in the amount of \$19,000.00 to be allocated to the following line item(s):

#21600 – Institutional Supplies: \$10,000.00

#25400 - Food: \$4,000.00

#24500 – Wearing Apparel: \$4,000.00

#44480 – Furniture: \$1,000.00

This appropriation would be funded through the Group Homes Non-Reverting Fund, which consists of payments received from the Department of Child Services and does not involve property tax revenue.

This appropriation is for several items first Institutional Supplies. These are consumable goods used at the group home. Here are some examples of them: toilet paper, toothpaste, combs, soap, tampons, curtains, curtain rods, paint, blood pressure cuff, thermometer, glucometer, and sweeper just to name a few. Food is self-explanatory but this means all food items for the Group Home. Wearing apparel is clothing for the residents. We have children that come to us in the summer with no winter coats or clothing. Conversely, we have children that come to us in winter months that do not have shorts, tennis shoes, and sandals. In addition, we have housed children for a length of time that they have grown to a different size. We have started a clothes closet and are keeping clothing that has been donated and “hand-me-down” but sometimes we need to purchase items like underwear and bras and bathing suits. Various furniture for the homes.

The Honorable Members of the Vigo County Council

Dear President Ellis and Council Members:

I respectfully request to be placed on the agenda for the August 2026 meeting of the Vigo County Council to discuss an additional appropriation from the Group Homes Non-Reverting Fund (#4952). Specifically, I am requesting an appropriation in the amount of \$5,040.00 to be allocated to the following line item:

#33300 - Contractual Services: \$5,040.00

This appropriation would be funded through the Group Homes Non-Reverting Fund, which consists of payments received from the Department of Child Services and does not involve property tax revenue.

This appropriation is for the replacement of a 200-amp breaker service box and the inspection and separation of various rooms. This will also include installing a separate service breaker to the refrigerator, and microwave. We were informed by the contractor that remodeled the kitchen, that we needed to have some additional electrical work done.

Thank you for your consideration of this request. Please do not hesitate to contact me if you require any additional information.

Respectfully,

Dear President Ellis and Council Members:

I respectfully request to be placed on the agenda for the August 2026 meeting of the Vigo County Council to discuss an additional appropriation from the Group Homes Non-Reverting Fund (#4952). Specifically, I am requesting an appropriation in the amount of \$6,500.00 to be allocated to the following line item:

This appropriation would be funded through the Group Homes Non-Reverting Fund, which consists of payments received from the Department of Child Services and does not involve property tax revenue.

This appropriation is for the installation of a wooden privacy fence on three sides of the back yard of the Carpenter Home. This home is licensed through DCS as a home for females and we would like to put up the fence for privacy and safety reasons. Carpenter Home is located in rural Vigo County and there is concern for the safety of young girls at the home.

Dear President Ellis and Council Members:

I respectfully request to be placed on the agenda for the August 2026 meeting of the Vigo County Council to discuss an additional appropriation from the Group Homes Non-Reverting Fund (#4952). Specifically, I am requesting an appropriation in the amount of \$8,000.00.00 to be allocated to the following line item:

#33300 - Contractual Services: \$8,000.00

This appropriation would be funded through the Group Homes Non-Reverting Fund, which consists of payments received from the Department of Child Services and does not involve property tax revenue.

This appropriation is for the remodel of the YCS Restroom into a medicine storage and half bath. We are required by DCS contract to keep all prescription and over the counter medications under to levels of security by lock and key. Currently we have the medicine in a closet under lock and key but are unable to use the room where the closet exists. We have a need for a therapeutic sensory room that can also be used by case workers, probation, and DCS to speak privately with the residents. This upgrade will allow us to accomplish this. In addition, this appropriation will cover the cost to repair and upgrade the "Jack and Jill" bathroom on the second floor of the Glenn Home.

Thank you for your consideration of this request. Please do not hesitate to contact me if you require any additional information.

Dear President Ellis and Council Members:

I respectfully request to be placed on the agenda for the August 2026 meeting of the Vigo County Council to discuss an additional appropriation from the Group Homes Non-Reverting Fund (#4952). Specifically, I am requesting an appropriation in the amount of \$11,000.00.00 to be allocated to the following line item:

#33300 - Contractual Services: \$11,000.00

This appropriation would be funded through the Group Homes Non-Reverting Fund, which consists of payments received from the Department of Child Services and does not involve property tax revenue.

This appropriation is for the repair of the water damaged ceiling on the porch and portico, fascia, and soffit. The appropriation will also fund the sealing and painting of the front porch and construct handrails that are missing to the steps on the north side of the porch. In addition, the concrete steps to the front porch are crumbling and causing a safety and liability hazard for the County. The estimate would be to pour a 2" layer of concrete on top of the existing steps there by saving a significant amount of money for the County.

Thank you for your consideration of this request. Please do not hesitate to contact me if you require any additional information.
